Experience

Tarellia Solutions OPC

Feb 2025 - May 2025

Software Associate

San Agustin, San Fernando, Pampanga

🔗 <https://www.facebook.com/tarelliasolutions>

Worked on full stack development of a Salesforce-based web application, handling both front-end design and back-end logic. Collaborated with the team to enhance features, troubleshoot issues, and improve system performance and reliability.

Tarellia Solutions OPC

Feb 2025 - May 2025

Quality Assurance

San Agustin, San Fernando, Pampanga

🔗 <https://www.facebook.com/tarelliasolutions>

Tested systems from the user's perspective to find and report bugs. Collaborated with the team to fix issues and make sure the system met user needs and project goals.

Tarellia Solutions OPC

Feb 2025 - May 2025

Documentation Analyst

San Agustin, San Fernando, Pampanga

🔗 <https://www.facebook.com/tarelliasolutions>

Documented data definitions and designed ERDs to illustrate system relationships. Created and updated organized documentation explaining data formats.

Projects

Sales Force App

Feb 2025 - May 2025

Contributed to the Sales Force App by developing key modules including user profile management, a task module with full CRUD functionality, and a user table with role-based access and search features. Ensured seamless integration of front-end and back-end components to deliver a secure and user-friendly experience.

MobilityCom: "An IoT Based Glove For Patients To Communicate Their Needs Through Finger Movements"

2023-2024

Project Lead

🔗 <http://mobilitycom.satemp.site/home/login>

MobilityCom is a system that helps patients communicate with nurses or guardians using finger movements. I led the development of IoT glove and a Progressive Web App that detect these movements and send messages to nurses or guardians.
